I'm student of Computer Science and like building websites and creating small projects and gain knowledge. I've worked with HTML, CSS, JavaScript, React and Python, and I enjoy exploring new frameworks and tools to see what I can create.

Education

B.Sc. Computer Science – Fergusson college, Pune

2023-2026

- Enrolled since July. 2023 to present.
- Last year, I scored a CGPA of 7.32.
- Taking up specialization course in computer science to broaden skill set.
- Taking up electives in FULL STACK Development in AI.

MEARN STACK Development – TuteDude

2025-2025

- Enrolled since June. 2025 to present.
- Learning MERN Stack online through TuteDude to strengthen web development expertise.
- Also exploring new frameworks and new AI tools.

Personal Projects

Omni food Website – Developed a responsive landing page for a food delivery service using HTML, CSS, and JavaScript. Implemented animations, modern UI components, and mobile-friendly design.

Agri Tree Explorer – AI Plant Recognition Tool – Created frontend design for an AI-powered plant identification platform using HTML, CSS, JavaScript. Features include camera capture, photo upload, and interactive plant database display.

Skills

Databases	MySQL, MongoDB, Express
TECHNICAL SKILLS	C, C++, Python, HTML, CSS, JavaScript, React
LIBRARIES	NumPy, Pandas
SOFT SKILLS	Time Management, Teamwork, Problem-solving, Documentation, Hardworking, Presentation, Flexibility
Languages	Marathi - Proficient Hindi - Fluent English - Beginner(learning)

Certificate

- Python Programming (Beginner to Advanced) – TuteDude, July 2025
- UI/UX (Beginner to Advanced) – Beep, June 2025
- AI tools and ChatGPT workshop – be10x, June 2025
- Generative AI for Educators – Google, December 2024
- Prompt Engineering Bootcamp – Lets Upgrade, October 2024

Hobbie

Watching anime, listening music, trek, making new friends

Interest

- Explore new frameworks and tools and gain knowledge about new AI tools.
- Artificial intelligence in web development.
- Frontend developer & UI/UX Designer

Extracurricular Activities & Achievements

- Participated in the **Common Internship Test** hosted by Internship Studio, scored 57/60, secured All India Rank 1102, earned certification, and received an internship opportunity.
- **Green Thumb NGO** – Volunteer (Plant Protection & Water Conservation) – Assisted in awareness campaigns promoting environmental conservation and sustainable practices.
- Participated in 30-day **Python AI Bootcamp**
